#ERASMUSDAYS, IT'S ALL GOING ON ACROSS EUROPE

The #ErasmusDays 2021 took place on the 14, 15 and 16th of October all over Europe and beyond. This international celebration is based on a very simple idea: communicate European values, mobility's benefits and Erasmus+ projects results, over three specific days in order to be visible by citizens, professionals, media and policy makers.

In five years, beneficiaries of the Erasmus+ programme have turned these three days into an event that showcases their European experiences and brings all stakeholder groups together: students, teachers, parents, associations, local elected representatives, journalists, etc. #ErasmusDays were initiated in 2017 by the French National Erasmus+ Agency and demonstrate the strength of the network across five continents, in both urban and rural areas. In all, **5,670 events were registered** to mark this 5th edition. #ErasmusDays events took various forms – film debates, round tables, exhibitions,

shows, digital workshops – and allowed stakeholders in education and training, however big or small, to launch their projects, meet up with existing partners and find new ones, get up to speed on what's new with Erasmus+, etc.

The international success of the #ErasmusDays is due to the deep involvement of Erasmus+ and European Union actors. Created by the French Erasmus+ National Agency, that for the fourth time coordinated internationally the organization of the festivities, the #ErasmusDays have grown to a worldwide network thanks to the cooperation with Erasmus+ National Agencies, the National Erasmus+ Offices in non-programme countries, the Directorate-General for Education and Culture (DG EAC) of the European Commission and the European Parliament **and embassies**. Given their immense value as a promotional tool for the Erasmus+ programme, #ErasmusDays have been incorporated into the strategies of European stakeholders. In France the event took place, under the High Patronage of the President of the French Republic, Mr Emmanuel Macron.

Overall, 67 countries took part in this celebration of mobility, international cooperation and European citizenship:

Albania, Algeria, Argentina, Armenia, Azerbaijan, Austria, Belgium, Bosnia and Herzegovina, Brazil, Bulgaria, Chile, Colombia, Costa Rica, Croatia, Cyprus, Czech Republic, Denmark, Timor-Leste, Ecuador, Egypt, Estonia, Ethiopia, Finland, France, Georgia, Germany, Greece, Honduras, Hungary, Iceland, Indonesia, Ireland, Israel, Italy, Kazakhstan, Kenya,

Kosovo, Latvia, Lithuania, Lebanon, Luxembourg, Malaysia, Malta, Moldova, Montenegro, Netherlands, Republic of North Macedonia, Norway, Palestine, Peru, Poland, Portugal, Romania, Russia, Serbia, Slovakia, Slovenia, Spain, Sri Lanka, Sweden, Tunisia, Turkey, Ukraine, United Kingdom, Uruguay, Uzbekistan, Viet Nam.

The participation of all these countries is clear proof of the Erasmus+ programme's status as a 'soft power' in the European Union. From Portugal to Russia, Iceland to Israel, Lithuania to Armenia, Cyprus to Azerbaijan,

Belarus, Brazil, Myanmar and Ukraine – #ErasmusDays demonstrate the key role played by the European Union in matters of democracy and in international dialogue, despite existing political and diplomatic tensions.

All events can be viewed on the #ErasmusDays world map: www.erasmusdays.eu.

#ErasmusDays also illustrate the **breadth of stakeholders** involved in and opportunities offered by the Erasmus+ programme for all: schoolchildren, apprentices, jobseekers, students, teachers, trainers, businesses, associations, local authorities, etc.

#ErasmusDays took place on campuses, in amphitheatres, town centres and venues devoted to young people and learning, but also across social media, communication platforms, blogs and websites – to promote digital events and respect local public-health measures. **Programme beneficiaries, project leaders, parents of schoolchildren, elected representatives and decision-makers** all got involved. This European celebration brought together key stakeholders from the worlds of business, clubs and societies, academia and politics.

In all, 42 National Erasmus+ Agencies helped organise #ErasmusDays 2021, and related events were held by stakeholders and beneficiaries in all Erasmus+ programme countries:

KEY THEMES OF THE NEW ERASMUS+ PROGRAMME AT THE HEART OF THIS EDITION

The new Erasmus+ programme 2021–2027, with a doubled budget, covers 33 countries across the world and has four main aims:

- **Inclusion:** Increasing the participation of “people from disadvantaged socio-economic backgrounds, those living in rural and isolated areas, and people with disabilities”. As part of the same aim: simplifying the administrative procedures involved in becoming a beneficiary of the programme.
- **Digital transition:** Bolstering skills in the EU in certain areas, such as artificial intelligence and robotics.
- **The fight against climate change:** Promoting the use of “green” modes of transport to travel abroad for learning opportunities and raising awareness of environmental challenges.
- **Participation in democratic life:** Making Erasmus a platform for civic exchange on democracy.

THE FIGHT AGAINST CLIMATE CHANGE

In **Spain**, apprentices from the vocational training centre for rural development, Efa Galicia, presented – from a dairy farm in Galicia – best practices in education around climate-change and reducing the carbon footprint of livestock.

In **France**, the teams and students of the BTS international trade of the Lycée Largenté in Bayonne organized an "ocean initiative" with the Surf Rider Foundation to collect waste on the beach and raise awareness of sustainable development and citizenship issues. Amélie recounted her

experience on an export mission to Spain with innovative companies in the sustainable development sector.

In **Slovenia**, Joze Plecnik secondary school in the capital, Ljubljana, organised a kitchen recipe competition around the concept of recycling food waste. Norway's University of Applied Sciences presented its Erasmus+ project on climate change and brought partners from **Belgium, Austria** and **Sweden** together for a practical discussion. In **Kazakhstan**, the Kazakh technical university organised conferences on environmental protection.

Four partner schools – from Haderslav in **Denmark**, Izmir in Turkey, Gela in Italy and Nice in France – organised beach clean-ups involving physical sports and bike-based activities.

DIGITAL TRANSITION

In **Sweden**, the Hälsinglands Utbildningsförbund secondary school in Bollnäs presented its project, Digital Marketing At Secondary School, which focuses on acquiring new skills in e-business.

In **Turkey**, the Bahcesehir private university ran a coding challenge for all its students to programme a robot.

In **Italy**, the EUFEMIA association in Turin welcomed its Erasmus+ partners, which include the French Cap Ulysse association, to an event about the Youth Escape COVID project, to improve the digital skills of young Europeans .

CITIZENSHIP AND DEMOCRACY

In **Luxembourg**, Hubert Clément secondary school in Esch-Alzette unveiled the flag of its Values, Identity and Culture project, in the presence of MEP Christophe Hansen.

In **Lithuania**, Vytautas University held a short-story competition for overseas students, which required them to share – in 100 words – their experiences of studying in Lithuania. In **Palestine**, Hebron University arranged a field trip to the European institutions based in Ramallah, to give students an insight into the growing cooperation between the EU and Palestine.

In **Portugal**, D. Afonso Henriques College invited pupils, teachers and parents to an exhibition on European citizenship, representing different European figures.

In **Ecuador**, the French embassy ran a photography competition on the theme of European citizenship.

INCLUSION

In **Italy**, the Community Foundation of the Historical Centre of Naples presented a selection of Erasmus projects aimed at inclusion and sustainability, led by different associations, foundations and schools in Naples.

In **Portugal**, the Francisco de Holanda School Group opened its doors to promote inclusion and integration in European mobility.

In **Romania**, the ARTEC cultural association shared the best practices in social inclusion it had developed in the context of the Erasmus+ project to improve the performance of adults in education through European approaches.

In **Montenegro**, the National Erasmus+ Agency organised a meeting on inclusion and diversity in Erasmus+ projects, to raise awareness in universities of the importance of this topic in the Erasmus+ programme.

In **Georgia**, Ilia University hosted a webinar that addressed inclusion and accessibility in higher education.

THE ARTS, HERITAGE, CULTURE

In **Austria**, the University of Art and Design in Linz held a discussion on the artistic challenges in the Erasmus+ programme.

In **Ukraine**, students on Erasmus mobility at Kotlyarevsky National University of Arts put on a musical concert.

In **North Macedonia**, the Dimitar Makedonski primary school held an art exhibition on different European capital cities.

In the **Czech Republic**, the Applied Arts school in Prague organised an art exhibition to mark 20 years of cooperation between the Leonardo da Vinci and Erasmus+ programmes.

In **Spain**, La Siena Institute presented its project entitled “When technology and art collide with our heritage”.

In **Turkey**, the Centre for Science and Art in Mamak showcased its project, entitled “I have the power of the myths!”, with a visit to Ankara Palace.

COMMITMENT AND SUPPORT FROM EUROPEAN INSTITUTIONS

THE EUROPEAN COMMISSION

Representatives of the European Commission in France and DG EAC (the Directorate-General for Education, Youth, Sport and Culture)

The support of the European institutions has strongly influenced the outstanding result of the #ErasmusDays 2021: the European Commission has granted its High Patronage and David Maria Sassoli, President of the European Parliament has granted the Patronage of the Parliament.

The DG EAC (Directorate General for Education, Youth, Sport and Culture) of the European Commission has been heavily involved in the communication and promotion of the #ErasmusDays 2021. Its intervention contributed to the mobilization of the Delegations of the European Union in the world

which promoted the days dedicated to the program or even participated in the organization of events. Mariya Gabriel, European Commissioner for Innovation, Research, Culture, Education and Youth, posted her support for #ErasmusDays on social networks.

The communication services of the European Commission and the European Parliament have been very active on social networks during the three Erasmus+ Days and in the run-up to them.

THE EUROPEAN PARLIAMENT

Representatives of the European Parliament

Across Europe, MEPs participated in the #ErasmusDays. In France, Valérie Hayer was at the European and International Mobility Forum in Saint-Malo. Jérémy Decerle went to the Lycée Bel Orme in Bordeaux. Christophe Grudler participated in the ESTA event in Belfort. The European deputies Ilana Cicuriel and Agnès Evren were mobilized at the René Auffray high school.

SUPPORT FROM AGENCE ERASMUS+ FRANCE / EDUCATION ET FORMATION

The French Erasmus+ National Agency, coordinated internationally the organization of the festivities.

COORDINATION & COMMUNICATION

To help project coordinators with the organisation of their #ErasmusDays events, the French National Erasmus+ Agency (Agence Erasmus+ France /Education et Formation) provided more than 1,200 promotional kits. These contained posters, #ErasmusDays t-shirts, thematic information leaflets, stickers, pens, balloons, banners, European flags, badges, seed packets to plant, postcards, a map of the European Union, the "Vocable" supplement on the program and a folding cardboard selfie frame.

A digital communication kit was also available on the www.erasmusdays.eu. It was developed by the French Agency to help event organisers to promote their events. All official events are registered on the #ErasmusDays website. The website www.erasmusdays.eu has been created in 2019 by the French Erasmus+ Agency / Education & Training, and is co-managed by national agencies taking part in the #ErasmusDays for events registration.

A WEB SERIES SPECIALLY FOR ALL PROJECT COORDINATORS

Agence Erasmus+ France/Education et Formation, in partnership with EURASIA NET, put together a web series for event organisers comprising four short films on European issues.

Eyes On EU is a long-term European project that aims to raise young people's awareness of their **European citizenship** and highlight **open-mindedness and cultural diversity**. It is coordinated by a group of young people involved in Eurasia Net, an international mobility association based in Marseilles, together with four other organisations across Europe that came together over the course of various exchanges with the idea of creating a project by young people, for young people. It is a space of both creation and reflection on Europe, as well as somewhere that opinions can be voiced, heard, shared and supported.

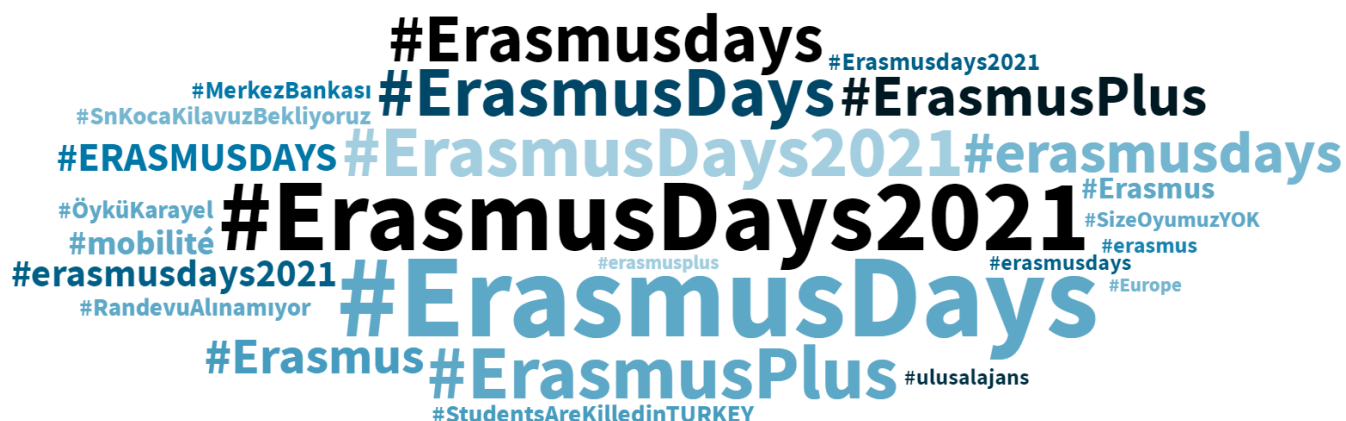

For the fifth edition of #Erasmus Days, five episodes were made available for broadcast: Gender Equality, Plastic Surgery, DEMOcracy, Paragraph 37 and Etranger.

MEDIA AND DIGITAL COVERAGE

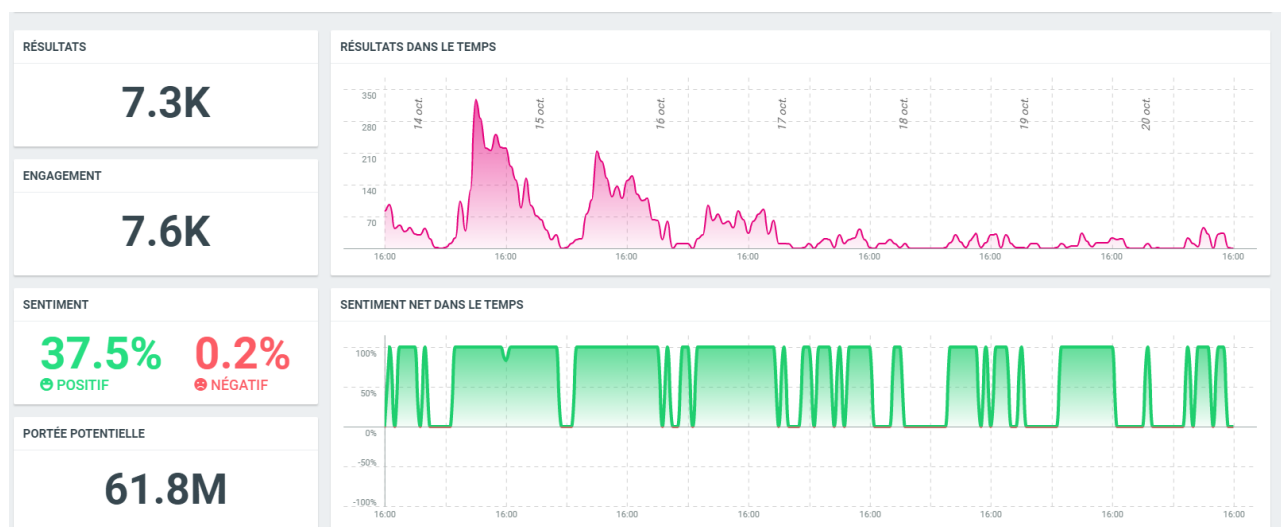

Newspapers, televisions and radios played an important role in promoting the #ErasmusDays worldwide. Partnerships with local and national media are a key action to take for Erasmus+ National Agencies, National Offices and stakeholders in order to reach a wide audience and give official visibility to the Erasmus+ festivities.

SOCIAL MEDIA COVERAGE

DISTRIBUTION OF MENTIONS OVER TIME

The #ErasmusDays hashtag reached 61.8 million people worldwide, across all social networks (including YouTube), while being used in only 7,848 posts. The 8,711 "engagements" (including clicks on the "like" function, comments and shares made by users) are proportional to the number of posts made on the different social networks.

GEOGRAPHICAL DISTRIBUTION OF HASHTAG USE

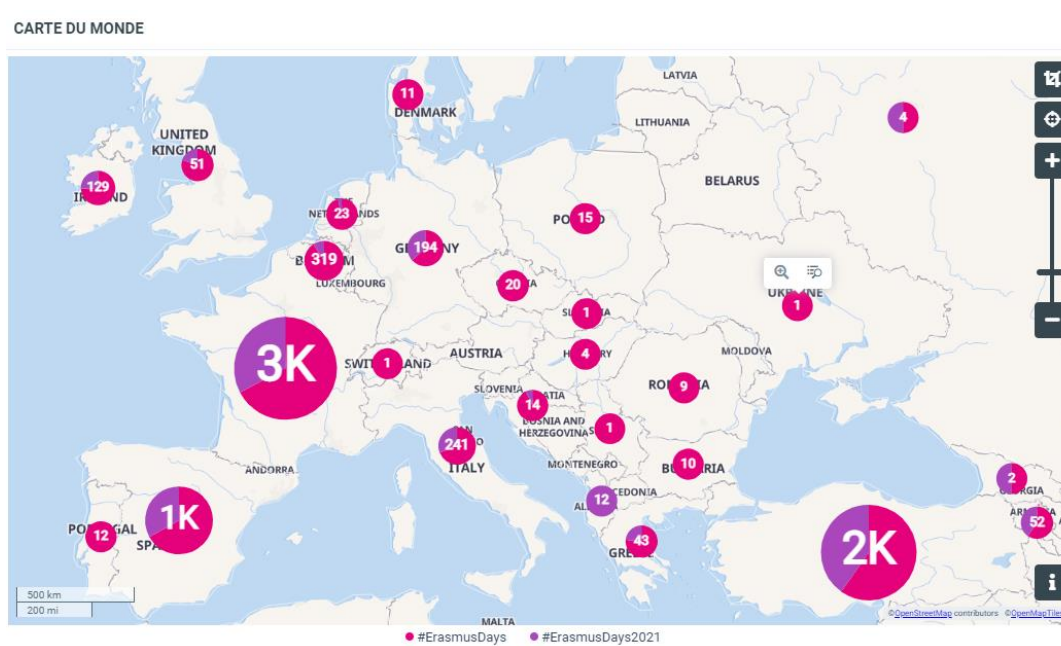

As for the geographic activity of users of the hashtags #ErasmusDays and #ErasmusDays2021:

France is the country that has been the most active on social networks.

Followed by Turkey, very active on Instagram especially on Saturday. It was also a strong provider in terms of events. It is also the most active country on social networks during the three days, and this before France. This is valid on the use of both hashtags.

Despite the Brexit, the UK remained active. We still record a sharp decline in its activity from 486 publications last year to 51 this year.

MOST INFLUENTIAL ACCOUNTS

These are the most influential accounts by reach and number of followers.

Skyrock's Facebook page is the one that has reached the most people in the world with 2,738,147 people reached.

We can observe that it is no longer the political personalities who are the most influential but the institutions. The account of the European Commission is the second one that has reached the most people with 2 posts (1 540 443), followed by the different accounts of the Ministry of Foreign Affairs in France (its Facebook account and its Twitter accounts in French and Arabic). Also present: the French Ministry of Labor and the Ministry of Higher Education.

CROATIA/ 175 EVENTS

By the *Croatian National Agency – Agency for Mobility and EU Programmes,*

ErasmusDays 2021 marked by a record number of events in Croatia

Record of 175 events (compared to 105 last year) was held as part of this year's Erasmus Days 14th - 16th October 2021. in Croatia. Across the country, events were organized by Erasmus+ beneficiaries to present their projects and their results and inspire potential beneficiaries to join Erasmus.

ErasmusDays was celebrated in kindergartens, primary and secondary schools, higher education institutions, youth organizations, adult education institutions, cultural centres, libraries, museums, and other institutions. They organized workshops, lectures, exhibitions, virtual events, and other activities, and inclusion and environmental topics prevailed. Events mainly were organized face to face keeping online format only when necessary. Generally, thanks to the promotional activities of the Croatian National Agency in the past five years, Erasmus Days have become an event that has taken its place and in which BENs are happy to get involved. They are very engaged and enthusiastic and are glad to promote the results of their projects, the Erasmus programme, and its possibilities. One of the topics which dominant this year was inclusion.

Some of the events held in Croatia

At the Agricultural and Forestry School Vinkovci, students with mobility experience presented their stories. They passed on everything they learned about drones in agriculture to other students, including those who will participate in the new project, teachers, and parents.

The project team of the Erasmus+ project of the CREATE Gymnasium of Dr. Ivan Kranjčev from Đurđevac marked the Erasmus Days through the pedagogical workshop "Wheel of Destiny." As the Erasmus+ programme promotes inclusion, the

organizers paid particular attention to foster and adoptive families and children without adequate parental care.

On the occasion of Erasmus Day, Ivan Gundulić Elementary School in Zagreb presented projects dedicated to the International Year of Fruits and Vegetables and Thanksgiving Day for the fruits of the earth, and they prepared various activities with students that they broadcast live on Facebook. In addition to an exhibition of student works and a fashion show of Roman costumes, they produced brochures, quizzes, leaflets, posters, comics, and videos through digital tools. The Kindergarten Rijeka held workshops with children ages 3 to 7 who explored the connection between artistic activities and scientific literacy, natural materials, and natural phenomena. The workshops included two groups of children with fewer opportunities.

The Lumen Association held the event as part of the final activity of Youth Exchange mPowerArt. Together with high school students, local artists, and volunteers, the project participants created street art pieces to promote inclusion and European values. They will also present the ERASMUS+ programme and opportunities for young people.

Promotional activities and support to beneficiaries

Croatian NA began promotional activities in June, along with the start of event registration. These activities included posts on social media and website, press releases to the media, communication, and support to the beneficiaries.

Regularly articles have been published on the website <https://www.mobilnost.hr/hr/sadrzaj/erasmus-days/>. Feature about the events organized in Croatia was published on the Erasmus Days website: https://www.erasmusdays.eu/news_mp/inclusion-the-main-topic-of-the-erasmus-days-in-croatia/ Posts on social media with invitations to join Erasmus Days, examples of events, and instructions to beneficiaries, contributed to their encouragement to participate in this 5th edition. Thanks to the planned and synchronized launch of all these activities and with only 500 euros budget for paid campaigns on social media, we have achieved excellent visibility and results.

We have been supporting organizations in registering events. They contacted us with technical inquiries and visibility issues. As we promptly helped them, they weren't discouraged from participating. During Erasmus Days, they sent us photos and information about their activities to disseminate them further.

These activities, including guest appearances in the the media, have contributed to the high visibility and promotion of Erasmus Day in Croatia.

Media coverage

Croatian media covered the Erasmus Days before, during, and after the event. Newspapers, internet portals, radio stations, and television have published news on Erasmus Days events. Croatian NA organized appearances in the most followed media which announced Erasmus Days. Among all, we have promoted Erasmus Days on Croatian national television HRT in prime time in the news programme and organized promotion in the morning show on national television "Dobro jutro Hrvatska". Information regarding Erasmus Days are published in 51 media appearances in total.

Ekonomnska škola obilježila Dane Erasmus projekata na Trgu sv. Terezije

POŽEGA - Učenici i nastavnici Ekonomske škole iz Požege organizirali su javnu prezentaciju svojih djelatnosti i održanih projekata u sklopu Dana Erasmus projekata na Trgu sv. Terezije Avilске u Požezi na prigodnom štandu. Prezentirali su diseminacijske materijale Erasmus projekata te Regionalnog centra kompetencija Panonika. Uključeni učenici i nastavnici organizirali su i proveli kviz i društvene igre, utemeljene na temama i ciljevima projekata, te pripremili prigodne nagrade za pobjednike.

- Već 6. godinu u nizu Ekonomska škola Požege uključena je u Erasmus projekte školskih partnerstava te je nakon duge stanke, obilježene online nastavom i brojnim virtualnim aktivnostima koje se zamijenile fizičke mobilnosti, odlučila iskoristiti situaciju u kojoj se možemo fizički susresti i organizirati Erasmus dane u gradskom središtu. Petnaest učenika i sedam nastavnika predstaviti će projektni tim i aktivnosti kojima se bavimo. Riječ je o dvama projektima koji u osnovi proučavaju kulturnu baštinu. Jedan, ECHOSET, proučava i umrežava kulturnu baštinu malih europskih gradova, kakva je i Požege, a nedavno se jedan tim vratilo s mobilnosti u makedonski Ohrid. Drugi projekt CHAPTER, potiče čitalačke navike kod učenika usmjeravajući ih na književne korijene i pripadnost kako nacionalnom, tako i zajedničkom europskom podneblju. YES the Earth projekt je primarno ekološke tematike koji u učenicima ojačava svijest o potrebi održivog razvoja i povezuje je s temom poduzetništva. Svi projekti potiču razvoj mekih vještina kod učenika, od timskog rada, fleksibilnosti, kritičkog razmišljanja i poduzetništva do prezentacijskih vještina i javnog nastupa, što je prepoznato iakostima naše škole

projekata Lidia Gerstman, prof.

Erasmus dani obilježavaju se sredinom listopada unazad posljednjih 5 godina diljem svijeta. Prošle su godine erasmusovci iz Hrvatske održali rekordan broj od 105 događanja, dok je na svjetskoj razini održano 4 819 događaja, a ove se godine očekuje i veći broj. Među organizacijama koje su obilježile Erasmus dane u RH bili su dječji vrtići, osnovne i srednje škole, visokoobrazovne ustanove i nevladine organizacije.

Dani Erasmus, prigodna godišnja proslava programa Erasmus+, najvećeg europskog programa Europske unije

#ErasmusDays 2021 in Croatia

Erasmus Day was celebrated in:

- kindergartens
- primary and secondary schools
- higher education institutions
- youth organizations
- adult education institutions
- cultural institutions
- libraries
- museums
- and other institutions

Record of 175 events

(compared to 105 last year)

• Workshops, lectures, exhibitions, virtual events, seminars, and other activities

→ Inclusion and environmental topics prevailed

→ Events were mainly organized face to face keeping online format only when necessary

Thanks to the promotional activities of the Croatian National Agency in the past five years, Erasmus Days have become an event that has taken its place and in which BENs are happy to get involved.

Promotional activities and support to beneficiaries started in June:

- Posts on social media with invitations to join Erasmus Days, examples of events, and instructions to beneficiaries
- Website articles with news regarding Erasmus Days
- Communication with media and good media coverage
- Supporting organizations in registering events

Croatian National Agency – Agency for Mobility and EU Programmes, October 2021.

CYPRUS / 26 EVENTS

As part of the #ErasmusDays2021 celebrations, Cyprus National Agencies for Erasmus+ (The Foundation for the Management of Lifelong Learning Programmes and Cyprus Youth Organization), ran two events and an online competition. This year's activities followed a hybrid model – with physical presence for a small number of attendees and live streaming, due to Covid 19 provisional measures. 26 events were organized by Schools, Universities, NGOs and Research Institutes.

The Erasmus Days events is aimed at celebrating the program's great accomplishments in Cyprus, while bringing forward the success stories of Erasmus+ participants and beneficiaries. This year's events were based on the 3 horizontal priorities - Inclusion, Green and Digital. The Erasmus+ National Agencies in Cyprus collaborated with a local portal, where they published native articles about the horizontal objectives while also promoting Erasmus days.

The opening of the celebrations was a discussion broadcasted by the state TV channel (CyBC) which took place on the 12th of October. **The Director of the National Agency for Education and Training, Dr Stylianos Mavromoustakos, the Youth Officer of the National Agency for Youth, Mrs. Stella Rousou and the Education Leader of EIT RIS/Climate-KIC Cyprus, Dr Dr Stelios Yiatros**, participated in the discussion.

The Official Opening Ceremony took place on Thursday, October 14th, at 'Leventeio Gallery', with distinguished guests – politicians, academics and other relevant organizations. The event, which had the theme "Social Inclusion," aimed to highlight the Program's equal opportunities and accessibility to a wide range of participants, while the audience who watched the event live through the social media of the two CY NAs had the opportunity to ask questions and send their comments. On the same day, three events with physical presence and four online events took place, organized by our beneficiaries.

Following the opening event, October 15th was fully dedicated to online events (eight in total), which were carried out by beneficiaries, with discussion topics ranging from Health and Distance learning to Youth Entrepreneurship and the way forward. On this day, the two CY NAs announced the winners of the online quiz (<http://erasmusplus.cy/quiz>).

The Erasmus Days celebrations came to a close on Saturday, October 16th with an interactive workshop titled "Be the green change you wish to see." The event was organized by the two NAs in cooperation with Cyprus University of Technology, a partner of the EIT Climate-KIC Hub Cyprus, with the goal of fostering a culture of sustainable development to combat the effects of climate change. On the same day, two more events and a Social media contest occurred, organized by the beneficiaries.

During the Erasmus Days, a large number of posts and references have been made on local media and social media. More information on the Erasmus+ Virtual Festival can be found on the **event's webpage**: <https://www.erasmusplus.cy/ekdiloseis/>

CZECH REPUBLIC /123 EVENTS

A total of 123 events took place during the Erasmus Days 2021 celebrations in the Czech Republic. Their scope was wide and varied including exhibitions, presentations, conferences, webinars, online competitions, creative workshops, games and more.

For instance, hairdressing students of Střední škola Havířov-Prostřední Suchá offered haircuts to elderly ladies, while pupils of the primary school Stříbro planted new bushes in the school garden. The nature conservation group Hnutí Brontosaurus hosted a gardening retreat, and Masaryk University organised online and offline presentations about the Erasmus+ programme. Meanwhile, the mayor of Hustopeče, a small town in the in the South Moravian Region, welcomed international students and teachers who participate in projects with local schools.

The Czech National Agency visited a few venues and recorded their events in a [short video](#). One of those venues was the College of International and Public Relations Prague, which invited students to a talk about the benefits of studying abroad with Václav Velčovský, the deputy minister for EU operational programmes at the Ministry of Education, Youth and Sport as well as Martina Dlabajová, the Czech member of the European Parliament, and Jakub Dürr, the former ambassador of the Czech Republic to the European Union.

ESTONIA / 16 EVENTS

This year there were 16 different events. As COVID19 situation was quite bad in our country (being one of the first in infection rate numbers in Europe), only few were open for public. 10 events were school families only, there were 4 public events and and a virtual event for all interested persons.

Most information was given about Erasmus+ programme, students and teachers introduced their experiences and invited others to join the programme or already ongoing project. For example Haabersti Vene Gümnaasium (Haabersti Russian Gymnasium) used a splendid method called „Live Library“, were fellow students could lend a „live book“ for a talk – a student who had already participated in Erasmus+ project(s) to share his/her experiences.

<https://www.hvg.ee/site2/et/erasmusdays-2021> - a news on their homepage (unfortunately in Estonian only).

But Pirita kindergarten decided to spend an #ErasmusDays morning with their project partners in a Team meeting, where each country could teach and also learn new dance moves for both children and teachers.

https://www.tallinn.ee/est/pirita-lasteaed/Uudis-Pirita-lasteaed-osaes-Erasmusdays-2021?filter_otsing_uudis_rubriik_id=230 (also in Estonian).

Estonian National Agency organized a travelling exhibition about cover pages of a youth/youth workers digital magazine called Mihus. The cover pages are always from young Estonian artists and each number is dedicated to some burning issue, as well as the illustrations. The exhibition encourages young people to speak up on important processes in the society and to make their voice heard. During #ErasmusDays the exhibition stayed in Viimsi Gymnasium. Unfortunately other guests except school family were not allowed for a visit due to COVID19 pandemic restrictions.

The open events included presentations of Erasmus+ projects, introducing Erasmus+ in a youth centre, a musical performance and Spanish culture event from a „job shadowing“ teacher from Spain.

The participants actively promoted #ErasmusDays on their homepages and social media.

FRANCE/ 1188 EVENTS

In France, 1,188 events were organized, 20% of which were exclusively online.

Actors from the five sectors of the Erasmus+ program were mobilized on October 14, 15 and 16 to share the results of their experiences with citizens and decision-makers:

- universities, schools and institutes of higher learning
- alliances of European Universities
- high schools (vocational baccalaureate, agricultural trades, BTS...)
- colleges, elementary school and rectorates of academies
- local missions and Pôle emploi offices
- CFA, Maisons Familiales et Rurales, EPLEFPA...
- Youth information centers and Europe Houses
- local authorities
- embassies (...)

> FRENCH EVENTS BY SECTORS

Students, teachers, international relations management personnel and, indeed, all stakeholders in European Universities alliances in France stepped up on the occasion of ErasmusDays to raise awareness of and highlight the dynamism of their European partnerships.

You can find all events organised in France by sectors in the detailed report on the #ErasmusDays in France

<https://agence.erasmusplus.fr/publications/bilan-des-erasmusdays-2021/>

> EITA AWARDS IN SCHOOL EDUCATION

The winners of the European Innovative Teaching Award (EITA) celebrated #ErasmusDays as follows: The pre- and primary schools in Aulnay de Saintonge (Charente-Maritime) organised workshops involving games and lessons from other cultures. The Octave Tordo primary school in Tourrette-Levens (Alpes-Maritimes) organised a choir recital. ErasmusDays celebrations at Roland Garros vocational school, Boris Vian college and Jean Bart secondary school centred around the schools' commitment to Europe and putting up Erasmus+ plaques.

> EPALE FRANCE: FOCUS ON THE ERASMUS+ PODCAST SERIES

#ErasmusDays 2021 saw the launch of a series of podcasts on the EPALE platform (aimed at 75,000 professionals involved in vocational and informal education for adults across Europe). Erasmus+ project coordinators, beneficiaries and specialists in public education take to the microphone to talk to us about genuine successes achieved in Europe.

Contributors include:

> COMMITMENT AND SUPPORT OF NATIONAL AND INTERNATIONAL DECISION-MAKERS

In France the event took place, under the High Patronage of the President of the French Republic, Mr Emmanuel Macron. The Minister of National Education, Youth and Sports Jean-Michel Blanquer and the Minister of Culture Roselyne Bachelot-Narquin gave their support to the #ErasmusDays via [video messages](#).

The Secretary of State for European Affairs Clément Beaune participated in the #ErasmusDays 2021 of the Lycée René Auffray in Clichy, in the presence of the European deputies Ilana Cicuriel and Agnès Evren, the deputy Céline Calvez, the departmental councillor and deputy mayor of Clichy Alice Le Moal, Ms. Coudret-Laut, director of the Erasmus+ Agency.

> MEDIA COVERAGE IN FRANCE

As is the case every year, #ErasmusDays are an opportunity for the French media to cover a whole range of aspects of the Erasmus+ programme – for example:

- apprentice mobility on [Télématin](#) on the France 2 network and on [France 3's 19/20](#);
- European opportunities for young people with Erasmus+ and Alma in [La Croix](#);
- the priorities of the new 2021–2027 programme, backed by Secretary of State Clément Beaune, in [L'Opinion](#);
- the start of the university academic year and Erasmus+ mobility in health studies on [L'Étudiant](#);
- the French Guiana institutions looking towards Europe on [La 1ère FranceTV](#).

In France, this year's #ErasmusDays were supported by media partners, which meant a range of target audiences across all territories was able to be reached.

More than 4.5 million people learned about #ErasmusDays and Erasmus+ opportunities in their regions through the **nine regional daily titles** of the **EBRA** press group in eastern France (L'Est Républicain, Les Dernières Nouvelles d'Alsace, Le Dauphiné Libéré, etc.).

Skyrock , **Phosphore** , **Le Monde Campus** , Pan-European media **Toute l'Europe** and **Euractiv** shone the spotlight on the priorities of the new Erasmus+ programme in a webinar on Erasmus+ for apprentices and a podcast produced in partnership with *20 Minutes*.

> REPORTS ON ERASMUS+ PROJECTS

During #ErasmusDays, the Agence Erasmus+ France/Education et Formation produced four video reports of Erasmus+ projects. The projects were chosen for their quality and the topicality of the themes addressed: **European Citizenship, Inclusion, Ecological Transition and Digital Transformation**.

These videos were produced so that they could be used after #ErasmusDays as tools to promote the new programme.

GERMANY/124 EVENTS

Around 60 German schools registered on the official website to celebrate the #ErasmusDays with their partner school all over Europe.

Here you can find the entire documentation of the #ErasmusDays 2021: <https://wke.lt/w/s/RUJn8>

Since the #ErasmusDays took place during the autumn vacation, some schools decided to celebrate the later in November.

Example of events at schools in Germany

• **#ErasmusDays photocollage challenge for German schools:** The German National Agency organised a photocollage challenge on the occasion of the #ErasmusDays 2021. The task was to show the impact Erasmus+ had on the schools. The five winners are announced on the agency website and via Social media :

LUXEMBOURG / 1 EVENT

In Luxembourg, one event was registered. It was organised by a school in Luxembourg and consisted of:

- a presentation by the Luxembourgish member of the European Parliament Christophe Hansen and a subsequent question and answer session
- the inauguration of the "European Youth: Values, Identity, Culture" project flag
- a flash mob.

There was an article about this event in the national press, both in print and online. Please find here the link to the online version of the article: <https://www.tageblatt.lu/nachrichten/luxemburg/schueler-am-lycee-hubert-clement-feiern-die-erasmusdays-2021-mit-einem-flashmob/>.

POLAND/ 351 EVENTS

During the fifth edition of Erasmus Days, 351 events were organized in Poland. The most important and largest of them was the **Erasmus Days Online Chess Tournament** organized by the Erasmus+ and European Solidarity Corps National Agency. It has been conducted entirely online. Over 270 players (mostly students and pupils) participated in the event and it was watched by over 146 000 unique users on Twitch platform!

The objectives of the **Erasmus Days Online Chess Tournament**:

- promotion of the Erasmus + and new financial perspective for 2021-2027
- promotion of the priorities of the Erasmus+ Programme (inclusion and diversity, digital transformation, environment and fight against climate change, participation in democratic life)
- reaching new beneficiaries and young audience by using e-gaming tools, which are very popular nowadays

LATVIA / 40 EVENTS

This year there were less events than usual and they were customised in educational institutions based on *Covid-19* situation in Latvia, but teachers, pupils, students and educational institutions adapted to the situation very well and were happy to have a nice and warm #ErasmusDays celebrations. In Latvia 40 events took place online or partly online and partly at education institutions. On Erasmus+ Latvija Facebook and Twitter accounts 24 posts and tweets were published. They have reached almost 12'000 people.

Riga Stradins University develops new Erasmus+ experience database for students (picture in the attachment)

On the 14th of October Riga Stradins University (RSU) organized an online event dedicated to #ErasmusDays. At the event, RSU International department presented Erasmus story database, which they have developed. The database allows knowing more about RSU student experience in mobility projects that took place in European higher education institutions easily and comfortably. The database is available at the RSU website, where any student can read about other students Erasmus+ mobility experiences.

Searching filters makes the sorting way easier – a student can look up exact study programme, mobility type, country and specific universities. The new database is a great tool to let others know how Erasmus+ programme can make an impact on students lives!

GREECE/226 EVENTS

226 events were organized in the framework of Erasmus days 2021, which is a new record for Greece (last year 170 events were organized). There was a combination of virtual and in situ events, smaller scale, mainly in schools, but also larger scale involving regions, such as the region of Crete. Along with schools that organized the majority of events, Higher Education Institutions, VET and Adult education providers also participated in the celebration.

In the framework of the Erasmus Days 2021 IKY, in its capacity as the Erasmus+ NA for the fields of Education and training, has organized in October 14th a virtual ceremony of the European Innovative teaching award. The Minister of Education Mrs Niki Kerameus conferred the awards. The event was broadcasted live and is available at IKY's YouTube page, <https://www.youtube.com/user/LLPIKY>. The event was also disseminated via the Facebook account of the Minister of Education,

4. Organisation: The Smile of the Child

On Saturday 16th October, YouSmile's Children's Rights Team (CRT) presented its mission and impact with a Facebook livestream. The team's members worked together to summarise and present their stances regarding children's rights and participation in the public sphere, and invited two CRT members to interview them. The livestream was our first public appearance for the academic year 2021-22. It gave us a chance to reflect upon our practice, inform a solid understanding of our agenda and vision as members of the European Student Volunteer Network.

SPAIN / 467 EVENTS

The Delegation of the European Union in Chile, in South America, organised an online event followed by 200 people. SEPIE staff, the Erasmus+ NA for education and training in Spain, shared not only the opportunities that the new Erasmus+ of the EU provides to international students, but also information on how to study abroad in Europe and in Spain.

SEPIE also coordinated '[CAFÉ VIAJERO ERASMUS+](#)', an online programme streamed via YouTube and lead by the communication team at SEPIE. This collaborative activity between the Spanish Erasmus+ National Agencies, SEPIE and INJUVE-ANE, was meant to share different experiences, testimonies and good practices. In this regard, a closer relationship and interaction with Erasmus+ beneficiaries and participants was established, giving voice to the protagonists of projects and mobility.

Besides, in order to promote '[CAFÉ VIAJERO ERASMUS+](#)', a [video teaser](#) was launched and disseminated via social media and NA websites, as a way to introduce the participants who shared their testimonies about their Erasmus+ projects and experiences.

The University of Burgos organised a presentation of the 'Schools Plastic Free Movement (SPEM)' project among the students of the Master's Degree in Educational Research and Innovation. The main aim of the project is to reach educational institutions in order to promote the importance of values of the environment as the basis of civil society.

IES Manuel de Falla, a high school in Coslada (Madrid), organised a "*Vlog contest*" where the students shared their secrets on how to keep fit, facilitating exercises and workout activities, through short videos. The contest finished with the best activities to be included in the Physical Education planning and shared among all the 'Healthy Life' Erasmus+ project partners. This high school has been working hard to provide good healthy habits among their students in order to build a healthy society.

CEIP Ciudad de Mérida, a bilingual Primary school in the province of Badajoz, organised and coordinated a video among the partners of their Erasmus+ project on Cybersecurity, in order to disseminate experiences among teachers, students and families, thus creating a meaningful outreach activity, as well as promoting Erasmus+ as a life experience programme.

Escola Superior de Conservación e Restauración de Bens Culturais, a HE and VET organisation in Pontevedra (Galicia), participated in the Erasmus Days celebration by means of organising different info sessions carried out by Erasmus+ students, who could share their international mobility experiences and could facilitate useful tips to future participants.
